Report on review of interim financial statements

To the board of directors of Wataniya Palestine Mobile Telecommunication, Public Shareholding Company

We have reviewed the accompanying condensed interim statement of financial position of Wataniya Palestine Mobile Telecommunication, Public Shareholding Company (hereinafter the "Company") as at June 30, 2017 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income for the three and six months period ended June 30, 2017, condensed interim statement of changes in equity and condensed interim statement of cash flows for the six-month period then ended. The Board of Directors is responsible for the preparation and presentation of this condensed interim financial statements in accordance with International Accounting Standard 34, 'Interim financial reporting'. Our responsibility is to express a conclusion on this condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of interim financial statements performed by the independent auditor of the entity'. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements is not prepared, in all material respects, in accordance with International Accounting Standard 34, 'Interim financial reporting'.

Other matters

The financial statements of the Company for the year ended December 31, 2016 and the condensed interim financial statements for the period ended June 30, 2016 were audited/reviewed by another auditor whose report, dated February 27, 2017 and July 21, 2016, respectively expressed an unmodified opinion on those statements.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS

(All amounts in US Dollars)

NOTE (1) GENERAL

Wataniya Palestine Mobile Telecommunication Company (the Company), located in Ramallah, was registered and incorporated in Palestine on January 27, 2007 as a Private Limited Shareholding Company under registration No. 562499541. On October 25, 2010, the legal form of the Company was changed to a Public Shareholding Company under registration No. 562601328.

The Company was formed with an authorized share capital of 5,000,000 shares with USD 1 par value each. During 2008, the Company's authorized and paid-in share capital was increased to 170,000,000 shares with USD 1 par value each. The Company's General Assembly in its extraordinary meeting held on October 25, 2010 resolved to increase the Company's authorized share capital to 258,000,000 shares with USD 1 par value each. The existing shareholders Wataniya International FZ - LLC (WIL) and Palestine Investment Fund, PLC (PIF) subscribed for 49,300,000 shares through capitalizing a portion of the shareholders' loans and the related accrued interest. The remaining 38,700,000 shares were offered to the public at an offer price of USD 1.3 per share, resulting in a share premium of USD 11,610,000. The public offering took place during the period from November 7, 2010 to December 2, 2010.

On March 14, 2007, the Company entered into a license agreement (the License) with the Ministry of Telecommunications and Information Technology (the MTIT) to provide 2G and 3G mobile services in the West Bank and Gaza. The term of the License shall be fifteen years from the effective date being the date on which the MTIT makes the frequencies available to the Company. The effective date was originally set on August 6, 2008. On December 16, 2009, the MTIT approved the Company's request to determine September 10, 2009 as the effective date, instead of August 6, 2008, since it represents the date on which only 2G frequencies were allocated. On March 16, 2015, the MTIT approved to extend the terms of the license period for additional five years.

The Company started its operations on November 1, 2009.

The Company's main activities are offering, managing, and selling wireless telecommunication services, as well as constructing and operating wireless telecommunication stations and telephone networks.

The interim condensed financial statements of the Company as of June 30, 2017 were authorized for issue in accordance with the Board of Directors resolution on July 18, 2017.

The accompanying interim condensed financial statements were reviewed and not audited.

NOTE (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The interim condensed financial statements of the Company for the six months period ended June 30, 2017 have been prepared in accordance with International Accounting Standard 34, "Interim financial reporting".

The interim condensed financial statements have been prepared under the historical cost basis.

The interim condensed financial statements are presented in United States Dollar, which is the functional currency of the Company.

The interim condensed financial statements do not include all information and disclosures required in the annual financial statements, and should be read in conjunction with the Company's annual financial statements as at December 31, 2016. The results for the period ended June 30, 2017 are not necessarily indicative of the results that may be expected for the financial year ending December 31, 2017.

Changes in accounting policies and disclosures
The accounting policies used in the preparation of the interim condensed financial statements are consistent with those used in the presentation of the annual financial statement as of December 31, 2016.

(a) New and amended standards adopted by the Company for the first time and effective for the financial year starting on or after January 1, 2017, those standards did not have significant impact on the Company's financial statements.

- Amendment on IAS 12 "Income taxes": effective on 1 January 2017. This amendment addresses measurement and accounting for deferred tax assets.
- Amendment to IAS 7 "Cash flows statement": effective on 1 January 2017. This amendment requires additional disclosures for changes in financing activities.

(b) New standards and interpretations are not mandatory for the financial year commencing on January 1, 2017 but have not been early adopted by the Company:

- IFRS 9 'Financial instruments': effective on 1 January 2018. This standard addresses the classification, measurement and derecognition of financial assets and financial liabilities and introduces new rules for hedge accounting and also introduces a new impairment model. The standard must be applied for financial years beginning on or after 1 January 2018.
- IFRS 15, "Revenue from Contracts with Customers", effective from 1 January 2018. This standard will replace IAS 18 which covers goods and services contracts and IAS 11 which covers construction contracts. Based on the new standard, revenues are recognised upon the transfer of control of the goods or services to the customer - thus the idea of control replaces the idea of risks and returns.
- IFRS 16, 'Leases' Effective 1 January 2019. This standard will replace IAS 17 "Leases", and requires the lessor to record the future lease liabilities of all leases including "the right to use the asset".

Use of estimates
The preparation of financial statements in conformity with IFRS requires the use of accounting estimates and assumptions. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The Company's management continually evaluate its estimates, assumptions and judgements based on available information and experience. As the use of estimates is inherent in financial reporting, actual results could differ from these estimates. The areas involving a higher degree of judgement or complexity are described below:

<u>Interconnection revenue and costs:</u>
The Company's management uses certain estimates to determine the amount of interconnection revenues, costs, receivables and payables.

<u>Useful life of tangible and intangible assets:</u>
The Company's management reassesses the useful lives of tangible and intangible assets, and adjusts if applicable, at each financial year-end.

<u>Impairment of accounts receivable:</u>
The Company provides services to broad based clients, mainly on credit terms. Estimates, based on the Company's historical experience, are used in determining the level of debts that the Company believes will not be collected.

Risk management

The Company manages various risks through a strategy that identifies those risks and the procedures to mitigate them by applying a reporting systems aiming to review and adopt appropriate risk mitigating procedures. In addition, the business units are responsible for identifying risks associated with their operations and to apply and monitor appropriate control procedures. The overall responsibility of managing and monitoring the risks of the Company rests with the Board of Directors. The interim condensed financial statements do not include all information and disclosures required in the annual financial statements under risk management, and should be read in conjunction with the Company’s annual financial statements as at December 31, 2016 which were prepared under the international financial reporting standards.

Fair value of financial instruments

The table below presents a comparison between the book values and the fair values of the financial instruments as classified on June 30, 2017 and December 31, 2016:

	Book value		Fair value

	144,187,249	**145,528,344**	**144,187,249**	**145,528,344**

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

- The fair values of accounts receivable, other financial assets, cash and cash equivalents, accounts payable, due to related parties, accrued project costs and other financial liabilities largely approximate their carrying amounts due to the short-term maturities of these instruments.
- The fair value of other current assets was calculated after excluding prepaid expenses.
- The fair value of other current liabilities was calculated after excluding the due to VAT and employees vacations provision.
- The fair value of interest-bearing loans and borrowings and non-current liabilities is estimated by discounting future cash flows using rates currently available for debt

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of its financial instruments:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).
